Meet the Braille Challenge Team 21
Welcome

To all our competitors, we offer our most heartfelt congratulations on becoming a 2021 Remote Braille Challenge Finalist!

Your efforts earn you a place among the ranks of those who put their skills to the test and succeed, even in adversity. The dictionary definition of adversity is “a state or instance of serious or continued difficulty.” This year, we have certainly faced serious and continued difficulty because of the COVID-19 pandemic, even in the Braille Challenge! Nonetheless, you still accepted the challenge and because of that, you succeed! Such courage not only celebrates your achievements this year, but also prepares you to accomplish even greater feats in the future!

We know that in the hardest of times we are able to rely on others; thus, we would also like to take the time to express our gratitude to those who make your success possible.

Parents, Guardians, and Family
Thank you to the parents and family for your constant support. Your selfless dedication and love prepare your child not only for success as a Braille Challenge Finalist, but also for a successful and independent future.

Teachers
Thank you to the educators for focusing on your students with individual and sincere care. You provide the tools and often encouragement that students need to continually strive for the lives they want to achieve.

Volunteers
Thank you to the volunteers who dedicate time and effort, often in unseen ways, to supporting and to making Braille Challenge the most enjoyable experience possible for the Finalists.

Network of Support
Thank you to all others who play a role in the lives of our Finalists! Friends, mentors, and many others lift up our Finalists with confidence so that they can tackle any challenge that comes their way, including the Braille Challenge!

Keep Calm and Braille On!
Year in Review

January 2021 – April 2021
Braille Challenge Regionals Testing
This hybrid season, with the support of Regional Coordinators, dozens of TVIs and volunteers - hundreds of contestants in over 50 regional events in the US, Canada, and United Kingdom put themselves to the test and took the challenge. Coordinators got creative this year, and regional programs were hosted in various ways: in-person, hybrid, completely virtual or one-on-one TVI proctored contests!

April – May 2021
Contest Processing & Remote Finals Preparation
The Braille Challenge Team began processing contests and determining the Braille Challenge Finalists. Our Contest Developers created the Finals Contest and the Publishing Team produced the braille and graphics that arrive at your fingertips.

June 2021
Finalist Announcement & Orientations
On June 1st we announced the Remote Braille Challenge Finalists! Next was the coordination of Proctors and Testing locations followed by Finalist Orientations where some of our Finalists got to meet for the very first time.

June 28th – July 11th, 2021
Finals Testing
With the help of Remote Proctor Volunteers and our Production and Shipping team, Finalists took their contests in locations across North America. Along with the contests, Finalists, Proctors, and families received their goodie bags with fun items designed to create a real Braille Challenge experience virtually.

July 17th - 29th, 2021
Contest Scoring, Webinars, & Finalists Connections
With the help of our transcriber team scoring was underway. Meanwhile the Braille Challenge Webinar Series provided insight, wisdom, and expertise from APH CareerConnect, HumanWare, Goalball Paralympian Tyler Merren, and the Braille Challenge Alumni Panel. Following the Webinars, Finalists had the opportunity to make connections and lasting bonds through the Finalist Social Hours. Although we were physically very far apart, Finalists were able to be close and connect virtually.

July 30th, 2021
Remote Finals Awards Ceremony
And finally, after all your hard work and patient waiting, the award winners were announced! The Awards Ceremony experience was delivered virtually via livestream with speakers and viewers from across North America. All tuning in to cheer you on!
Words of Inspiration

Words are powerful. They inspire us, launch us into action, and they drive us to create the changes we want to see in the world. Below we celebrate braille literacy by sharing quotes from game-changers in the visually impaired community!

**Peter Mindich**
President - Braille Institute of America

*Braille literacy is a foundational part of your journey to build a life of learning, employment, independence, and well-being. So, go for it! We are all cheering for you!*  

**Sergio Oliva**
National President, American Federation for the Blind

*Reading and writing braille is the key to literacy, productivity, and independence for the blind. Louis Braille’s gift of six dots provides access to communication and allows all the opportunity for literacy through braille. The Braille Challenge enables our youth (sons, daughters, friends) to showcase their braille skills, build self-esteem, nurture friendships, and gain independence. Braille is knowledge, and knowledge is power! Congratulations, Challenges: YOU are empowered!*

**Jana Hertz**
Chairperson, Challenge: California Association of Visually Impaired Individuals 

*The Braille Challenge is an exciting and stimulating competition! It helps students to improve their braille reading skills and encourages their development of braille literacy and independence. It is an excellent opportunity for students to be challenged, to try new things, to set and achieve goals, to understand their strengths and weaknesses, to analyze and overcome their deficiencies, and to participate in something that their peer-reading classmates can’t do.*

**Sue Glazer**
Founder/President, Braille Challenge,

*I am constantly impressed by the students that compete every year in the Braille Challenge. Their ability to access information with speed and accuracy is truly wonderful. Nothing warms my heart more than watching the students excel.*

**Pat Loader**
President of the National Federation of the Blind, Michigan Chapter

Making Connections

Lasting Memories. Braille Challenge not only tests the skills of the top braille readers and writers in North America, it brings people together.

The friendships and memories you make here will stay with you well beyond this challenge.

Remember the importance of the connections you make along the way and the international community of support that you are now a part of for life.
Apprentice

1st – 2nd Grade Finalists

Joyce Bailey
Joyce is a happy, hard-working, 2nd grader from Texas. She learned braille when she was 4 and encourages new braille users to practice a lot! When she grows up, Joyce wants to be a physicist and learn more about how the universe works. On the weekends, she likes to read, play with her siblings, and learn new languages.

Dominic Budell
Dominic is a smart, friendly, outgoing 1st grader from Meridian, Idaho. When he grows up, he wants to be a musician. He loves to play instruments and sing. His advice to new braille readers is to learn all that you can, because reading gives you all sorts of things to imagine.

Hao Wen Deng
Hao Wen Deng is a second grader from New York that loves elevators! His favorite hobbies include playing and exploring elevators. Hao also has an interest in technology. He uses devices like his BrailleNote and iPad every day.

Dallas Fonken
Dallas is a second grader from Wichita, Kansas. A few words to describe Dallas are intelligent, witty, and independent. One fun fact about Dallas is that she taught herself how to play the piano! If she could become an expert in anything, it would be the piano. When Dallas grows up, she wants to be a music teacher! Her favorite Braille Challenge memory is it being virtual.

Ethan Moore
Ethan is a second grader from Burbank, California. When he grows up, he wants to be a Baseball Player! Some of the best advice he has received is “Don’t get upset and don’t give up.” A perfect weekend for Ethan is listening to a Dodger’s game and if he could become an expert in anything, he would be an expert hula hooper!

Aniyah Purvis
Aniyah is a second grader from Tampa, Florida. A few words that best describe her are energetic, thoughtful, and friendly. Some of her favorite hobbies are singing and swimming. When she grows up, she wants to be a teacher!

Colton Reinhart
Colton is a kindergartener from New Ulm, Minnesota. When he grows up, he wants to be a Bop It Creator. He enjoys jumping on trampolines, listening to books, and playing Bop It! In his free time, he likes spending time with family, swimming and playing with his 17 Bop Its!

Zora Stover
Zora is a second grader from New Jersey. She is curious, generous, energetic, and loving. A fun fact about Zora is that she loves to write and tell her own jokes. In fact, her favorite Braille Challenge memory is performing at the virtual talent show.

Khanh Tran
Khanh is a first grader from Iowa. Khan has a passion for cars, and when he grows up, he aspires to follow that passion and become a car designer. Khanh also has a passion for the arts and desires to become an expert on music and becoming a pianist. He looks forward to going on walks and bike rides with his parents during the weekend.

Emrie Wisner
Emrie is a 2nd grader from Kansas. She is kind, friendly, bright, and outgoing. Emrie enjoys reading, writing, and swimming. Her favorite books are the Harry Potter series and Little House on the Prairie. One day Emrie would like to become a chiropractor and a teacher. She also hopes to be able to help others when she is all grown up.

Anne Ye
Anne is a second grader from New York. She can best be described as friendly, helpful, brave, and caring. Anne started to learn braille around the age of five. She is also fluent in both Chinese and English. Anne’s advice to new braille readers is to try and do your best.
**Nico Baroni**

Nico is a 4th grader from Florida. He is kind, friendly, smart, and funny. Nico said he would like to be an expert in playing piano, speaking Spanish, and bowling. As a hobby he collects cuckoo and chiming clocks, bop its, and sing a ma jigs. The best advice Nico has ever received is: Do your personal best!

**Caleigh Caston**

Caleigh is a smart and independent 4th grader from Douglasville, Georgia. She learned braille when she was 3, and her advice to new braille users is to be patient and take your time! When she grows up, Caleigh wants to be a vision teacher. Caleigh likes to sing, play piano, and play dominoes.

**Janna Cheung**

Janna is a fourth-grade aspiring scientist from Toronto. When asked what she would choose to be an expert in, she replied, outer space! In Janna’s free time, she enjoys playing the violin, going on bike rides with her family, and creating short stories. The Braille Challenge has allowed Janna to strengthen her proofreading and spelling skills. For new braille readers, she advises to begin with short books and gradually move on to longer books.

**Salome Cummins**

Salome is a kind, smart, funny St. Charles, Missouri. She loves to read Harry Potter, write, bike, and listen to audiobooks in her free time. Braillenote has helped her become a fantastic speller. Her favorite memory is when she got first place at Braille Challenge. Keep calm and braille on!

**George Eaker**

George Eaker is a fun, creative fifth grader that loves playing outside and climbing trees. George also enjoys reading. He uses his Braille to transport people to imaginary worlds.

**Keaton Hamilton**

Keaton is an early-rising, inquisitive, and musical 4th grader from Alberta. When Keaton grows up, he would like to pursue a career in composing. A fun fact about him is he has a rocket ship in his backyard, and in his free time, he enjoys playing hockey, skiing, swimming, and playing video games. The Braille Challenge has provided Keaton with the confidence to enter more braille-related contests.

**Jeremy “JJ” Matthews**

Jeremy is a fourth grader from Miami, Florida. A few words to describe Jeremy are ambitious, tough, and a thrill seeker. When he grows up, he wants to be a DJ and his favorite hobbies are napping, fireworks, and going swimming! The best advice he has gotten has been to “Just keep trying.”

**Jude Nickson**

Jude is a fourth grader from Kansas. He is witty, smart, and kind. Jude loves animals so much that when he grows up, he would like to become a zoologist. Jude also enjoys running, playing baseball, and going to Royals games.

**Eniolaoluwa Osunkoya**

Eniolaoluwa Osunkoya believes that the best advice given to him was “Tough times never last, but tough people do.” He is compassionate, curious, and confident fourth grader from Maryland. He enjoys writing short stories, playing games with his family, and sharing jokes. Someday, he’d like to help animals as a veterinarian.

**Bradyn Lawson**

Bradyn is a 4th grader from Idaho. He is energetic, kind, eager, and courageous. A perfect weekend afternoon for Bradyn would be to enjoy some pizza after a fun hike and a good swim. A fun fact about him is that he loves armadillos. When he grows up Bradyn hopes to become a zookeeper!
Sophomore

5th – 6th Grade Finalists

**Carmynn Blakeley**
Carmynn is a kind, brave, tech-savvy 6th grader from Owensboro, Kentucky. When she grows up, she would like to be the president! Carmynn learned braille at 4 and says that practice makes perfect. When she grows up, she wants to be an expert in technology. She has made a lot of new friends through the Braille Challenge. Her favorite Braille Challenge memories are when she won nationals in 2017 and 2019!

**Abby Cool**
Abby is a seventh grader from Omaha Nebraska. A fun fact about Abby is that she can do impressions and accents! Some of her favorite hobbies and extracurricular activities are drawing, painting, art, math, and listening to audiobooks. The best advice given to her would be “Take your time”. When she grows up, Abby wants to be a teacher.

**Leo De Santis**
Leo is a 5th grader from Texas. He is funny, happy, determined, and chatty. In his free time Leo enjoys playing piano, producing music, and exercising. Leo began to learn braille at the age of three; the age most kids learn to read. His advice to new braille readers is: Take it slow and never give up!

**Mellany Fernandez**
Mellany, a fun, caring, silly 5th grader from Nebraska, is excited to compete in the Braille Challenge this year. She loves to swim and write stories. When she grows up, she wants to be a therapist. She began learning braille at age 4 and says that competing in the Braille Challenge has given her more confidence.

**Habiba Hafez**
Habiba is a 6th grader from Calgary, Alberta, Canada and can be described as kind, smart, and friendly. Habiba offers a piece of wisdom to her peers, “Believe in yourself; you are capable of doing everything.” She aspires to become an expert in screenwriting and already has a passion for writing stories. The Braille Challenge has become an additional source of happiness for Habiba and has supported her overall confidence.

**Layla Hildenbrand**
Layla is an adventurous, humorous, and ambitious 6th grader from North Carolina. Her favorite weekend activities include hanging out at the pool with friends. When asked what she would become an expert on, Layla replied animal behavior; she aspires to be a dolphin trainer. Layla advises new braille readers to keep going because “Once you get the hang of it, you can read anything”!

**Hunter Kelley**
Hunter is a caring and creative sixth grader from Claremore, Oklahoma. Hunter is also a gamer! He enjoys playing video games on his Alexa and is interested in learning how to code someday. When he grows up, Hunter hopes to either become a librarian or a game developer. His favorite Braille Challenge memory so far is when he had the chance to travel to L.A.

**Darren Ou**
Darren is a sixth grader from California. He is both happy and loving. Darren enjoys playing instruments and exercising. A fun fact about him is that he really likes clock towers. When Darren grows up, he hopes to become a clockmaker.

**May Resendiz**
May is a 6th grader from Indiana who wants to be a horse trainer when she grows up. May is determined, creative, loving, and unique and encourages her peers to read everywhere, even in the dark. May has a passion for extracurricular activities. Her favorite hobbies include crocheting and cheerleading. To bring a touch more fun, May likes to wear fun earrings.

**Sheema Shaikh**
Sheema is an enthusiastic, energetic, and hardworking 6th grader from Corona, California. Sheema is a dedicated student and strives to become an investment banker. She describes her perfect weekend as a time to relax after working hard in school during the week. A memorable and impactful moment for Sheema was becoming a finalist for the Braille Challenge. She advises her peers to keep going.
Junior Varsity

7th–9th Grade Finalists

Nathan Deeds
Nathan believes that when it comes to braille, there is always more to learn. He is a funny and organized tenth grader from Williamsburg, Iowa that enjoys hiking and downhill skiing. Nathan also likes participating in choir and musicals.

Savannah Lindberg
Savannah is a free-spirited, outgoing, and inquisitive 9th grader from Florida. The best advice she has been given is not to be afraid to get something wrong because those who are afraid never discover how to get it right. Savannah’s perfect weekend consists of swinging in her backyard swing, reading, listening to music and podcasts, and talking to friends on the phone. In her free time, Savannah takes lessons in Latin.

Madeline Mau
Madeline is a ninth grader from New Jersey and can be described as funny, opinionated, and spirited. In Madeleine’s spare time, she has started a Disabled Student Union at her high school, learned how to play three instruments, and she sings in the choir at a music school for the blind in New York City. A fun fact that Madeleine likes to share about herself is being able to see different colors and shapes when she hears different sounds due to synesthesia.

Christopher Morgan
Christopher is a 7th grader from Georgia. His perfect weekend includes staying home and watching any sports on tv and finishing the day by playing basketball. His hobbies include playing the piano, Bop-It, and bowling. Christopher suggests to his peers learning braille that they take their time to master the first steps. That way, they will be stronger readers when they start learning new symbols.

Sarah Murphree
Sarah is a kind-hearted, positive 9th grader from Grand Blanc, Michigan. She enjoys swimming, reading, and writing. She began learning braille when she was 3 and advises new braille readers that it is hard at first but gets easier and more enjoyable the more you do it.

Brooke Petro
Brooke is an eighth grader from Leawood, Kansas. Some words to describe her are sarcastic, determined, tenacious, and fun-loving! When she grows up, she wants to be an author and some of the best advice she has ever been given is “Hard work pays off.” If she could be an expert in anything it would be linguistics because she enjoys learning about languages.

Braeden Robinson
Braeden is a techie, joyful 7th grader from Simpsonville, Kentucky. In his free time, he likes to play games and talk with friends. He wants to be a computer programmer and has already programmed a game called Plumbers’ Problems! He has made a lot of friends through Braille Challenge, and says it is fun to travel across the country for finals.

Andy Shen
Andy is a motivated and joyful ninth grader from San Luis Obispo, California who started learning braille when he was five years old. Andy enjoys hiking, playing the piano, and playing board games. Someday, he wants to showcase his award-winning musical skills as a concert pianist.

Taylore Sherman
Taylore is a ninth grader from St. Augustine, Florida. A few words to describe her are kind, caring, creative, intelligent, and sensitive. When she grows up, she has considered creating her own bakery, following a music career, working with technology, or teaching English at FSDB! Her favorite memory includes her first year in Braille Challenge when she won second place and attended her first-ever drum circle!

Faith Switzer
Faith is an eighth grader from Los Lunas, New Mexico. In her spare time Faith is an eighth grader from Los Lunas, New Mexico. In her spare time Faith enjoys, reading, writing, swimming, and cooking. A few words to describe Faith are kind, outgoing, brilliant, and fun. If she could become an expert in anything, she would want to become a child psychologist. A perfect weekend for Faith is sitting in the mountains under the trees in nature, journaling.

Lynn Wu
Lynn is a 9th grade aspiring professor from California. A fun fact about Lynn is that she was featured in the Los Angeles Times this year! Lynn’s favorite extracurricular activities are playing the piano, singing, playing with dogs, and more. She especially enjoyed meeting a guide dog puppy in training during The Braille Challenge last year.
Varsity
10th – 12th Grade Finalists

**Christopher Abel**
Christopher Abel is a funny, hardworking 12th grader from Georgia who started learning braille when he was only three years old. His parents encouraged him to learn at a young age so he could start his education on a level playing field with his sighted peers. When he's older, Christopher hopes to become a financial planner.

**Charlie Bethay**
Charlie is a 10th grader from Kansas. He is funny, intelligent, skeptical, and witty. If Charlie could be an expert in something, he would like to become an expert at curing diseases. He enjoys reading, writing, and listening to music.

**Samantha Bomberger**
Samantha is a 12th grader from Nebraska who is compassionate, resilient, and unapologetically herself. It is her third and final time participating in the Braille Challenge finals. Samantha tells her peers, “It’s okay to get frustrated, but try not to let these things discourage you... it might be the key to your success.”

**Kaleigh Brendle**
Kaleigh Brendle is a 12th grader from New Jersey who is passionate about disability rights. She is an optimistic and empowered twelfth grader that enjoys participating in Mock Trial and directing Sing for Serenity, an international choir for the blind. She believes that Braille Challenge has helped her understand the importance of literacy while providing her with an opportunity to meet new people.

**Donavan Chasson**
Donavan is a high schooler from Louisiana. He is honest, determined, smart, and funny. Donovan’s perfect weekend includes sitting with family while listening to music and eating barbecue. He also enjoys going hunting and swimming. Braille Challenge has impacted Donavan by teaching him how to challenge himself and how to push harder to succeed.

**Paige Drury**
Paige is a 12th grader from Glastonbury, Connecticut. Some of the best advice she has received is “Breathe and make sure to enjoy the journey.” Some words to describe Paige are musical, creative, a perfectionist and funny! If she could be an expert in anything, she would want to be an expert in dancing. When she grows up, Paige plans to pursue a career in music.

**Julia LaGrand**
Julia is a creative, detailed 11th grader from Michigan. She learned braille when she was 4, and encourages new braille users to work hard, because braille is crucial! When she grows up, she wants to be a violinist and an advocate. This is her 11th year competing in the Braille Challenge, and she says that the new virtual format has made it easier for her to keep in contact with other contestants!

**Joey Parra**
Joey is an 11th grader from Arizona. He is responsible, courteous, patient, and very motivated. When he grows up Joey wants to become a forensic psychologist. He also hopes to become an expert at gunsmithing. Thanks to the Braille Challenge Joey has been able to gain more confidence in himself and as a contestant!

**Olivia Wilkerson**
Olivia is an outgoing, adventurous, and surf-loving 10th grader from Wake Forest, North Carolina. One thing she enjoys about Braille Challenge is having the opportunity to meet with other braille readers. Olivia believes that braille literacy can open doors for future fun opportunities. When she grows up, she wants to become an aerospace engineer.

**Ella Yu**
Ella is an ambitious 12th grader from British Columbia who can play the violin, viola, and the piano. In Ella’s ideal weekend, she would be able to stay home and play her instruments. She can easily improvise and compose music. When she grows up, she would like to work in the technology industry.

Meet the Team

Sergio Oliva
Vice President, Programs and Services
Sergio has a strong program development and design
background and is committed to building strong teams
to match program goals. His overall experience includes
administration and reporting on grant-funded projects,
strategic planning and identifying and measuring
program outcomes. Sergio joined BIA in 2013 to lead
and grow long-standing national programs focusing
on braille literacy and orientation and mobility for
school-aged youth.

Rachel Antoine
Manager, National Programs and Services
Rachel plans, develops, and implements all National
Programs. She started in this field a few years ago,
working at the Massachusetts Commission for the Blind.
She hails from Boston and enjoys all things hometown.
She loves exploring Los Angeles, hiking, traveling, trying
culinary delights, and spending time with family.

Matthew Beckwith
Youth & National Programs Manager
Matt began working at the Braille Institute in the
Youth Programs serving students in Orange County.
He has been with the National Programs department
supporting Braille Challenge for the last two years.
He enjoys playing music in his free time.

Ivan Rivera
Publishing Coordinator
Ivan works with the National Programs team in support
of Braille Challenge. He helps emboss and produce all
contest content in braille, assemble tactile portraits, proofread
test content, edit and transcribe the yearbook,
package, and ship contest materials. He enjoys working
with braille every day and his favorite food is enchiladas!

Madeleine Hernandez
Youth Programs Specialist
Madeleine is highly involved in both the development
and delivery of the Braille Institute’s Youth Programs.
In addition to overseeing the Los Angeles Youth
Program, she supports the coordination of logistics
and communications for Braille Challenge and Cane
Quest. She loves reading and discovering new places
with her camera.

Scarlett Brais
Youth Programs Choir Director
Scarlett is a seasoned recording artist, performer
and music and arts educator from Los Angeles, CA.
She has extensive teaching experience with students
of all ages and abilities, in both the private and public
sectors. Scarlett began her journey at Braille as the
children’s choir piano accompanist back in May 2014
and accepted the choir director’s position in May 2017.

Jacky Garcia
Resource Specialist
Jacky researches products, coordinates vendors,
and supports the delivery of services for all National
Programs. She also handles customer service where
her upbeat personality shines through. Jacky is visually
impaired herself and has been an employee at the
Braille Institute for the past 20 years.

Tien Bui
Production Specialist
Tien works behind the scenes with Braille Challenge
Communications and contest production. As the
Production Specialist he help emboss, assemble tactile
portraits and ship contest materials. He also supports
National programs needs for Cane Quest and Special
Collection. He has been at BIA for 9 months. Outside
of work he enjoys travel and working on his car (Toyota
MR2). His favorite food is pizza.

Rosemary Santos
Administrative Assistant
Rosemary works behind the scenes with National
Programs. She meets all National programs needs for
Cane Quest and leading Special Collections. She has
been working for almost 7 years at the Braille Institute
and loves hearing all the excitement from our Braille
Challenge competitors.

Maria Acosta
Administrative Assistant, Child Development and Braille
Publishing
Maria has been working for Braille Institute for 17
years. She has enjoyed working behind the scenes for
Braille Challenge and is so proud of all the kids who
participated in the challenge.
